

1 Dictionary Search Perspective

The Perspective is subdivided into three views: the Dictionary Search View on the upper left, the Dictionary Search Results View on the upper right and the Dictionary Grid View at the bottom.

The screenshot displays the TextGridLab interface with three main panels:

- Dictionary Search (top left):** Search parameters for the keyword "drache" with a limit of 10. Search type is set to "exact". A tree view of dictionaries is shown, including "Deutsches Wörterbuch von Jacob und Wilhelm Grimm" and various regional dialect dictionaries.
- Dictionary Search Results (top right):** Shows 4 results for the lemma "drache". The results table is as follows:

Lemma/Dictionary	First Line
Drache	
GWB	Drache 'Drach' DfG31,369 Mitsch2 246 GWB39,16,17 Göt
PFWB	Drache, Drachenm.: 1.a. 'sagenhaftes Ungeheuer', bes. in...
drache	
DWB	drache, m. draco, ahd. tracho Graff 5, 504,...
Lexen	trache tracke drache drackeswm. BMZBMZdrache, draco...
- Dictionary Grid (bottom):** Displays the search results in a grid format. The selected entry is "DRACHE, m. draco, ahd. tracho GRAFF 5, 504, mhd. trache trake BEN. 3, 67, im 16 ten und 17 ten jahrhundert häufig drach mit abgefallenem e Voc. theut. 1482 gg 7^b, einigemal bei LUTHER, DASYP. 316^c. SCHÖNSLEDER gg 5, HENISCH 739, STIELER 327, FRISCH 1, 203^c, auch in Baiern drack SCHMELLER 1, 413, niederd. drake, ags. draca, engl. dragon, schwed. drake, dän. drage, böhm. drack, russ. drakon, roman. drac dracon drage drak, franz. dragon, ital. drache bis drachenblick (Bd. 2, Sp. 1315 bis 1322)". The grid also shows a list of related terms on the left and a network of related terms on the right.
